

**Introduction** – The purpose of this note is to provide installation instructions and comments on a patch for the PileUpNet Practice software. The patch applies to version 1.8.0 of the software and is provided to implement the enhancements and fix any problems described below.

**Previous Patches** – This is the first patch for version 1.8.0. Users should first download and install a full copy of version 1.8.0 from [www.no5w.com](http://www.no5w.com) then apply Patch 180-01.

**Installation** – In addition to these notes the zip file associated with this patch contains a setup file for automatically installing the patch in C:\ProgramFiles\CWSoft\PileUpNetPlayer\. Here's a list of the files contained in this patch and a description of where they will be installed.

File	Installation
PileUpNet_Player.exe PileUpNet_Player_ini.txt	These are the main executable, and a configuration file. They replace the files of the same name in the main directory which in the standard installation is C:\Program Files\CWSoft\PileUpNet\PileUpNetPlayer\
PileUpAudio-Dayton-2013.wav PileUpCalls-Dayton-2013.txt	These new files are the audio and valid calls files for the 2013 Dayton competition and reside in the PracticeWavesAndCalls sub-directory C:\Program Files\CWSoft\PileUpNet\PileUpNetPlayer\PracticeWavesAndCalls\

**Problems Addressed/Enhancements** – The following problems/enhancements are addressed.

Problem/Enhancement	Description
An update is needed to add the KCDXC 2013 Dayton competition	Files for this competition have been added and integrated into the program.
