

**Introduction** – The purpose of this note is to provide installation instructions and comments on a patch for the PileUpNet Practice software. The patch applies to version 1.8.0 of the software and is provided to implement the enhancements and fix any problems described below.

**Previous Patches** – This is the second patch for version 1.8.0. If you have not already done so you should first download and install a full copy of version 1.8.0 from [www.no5w.com](http://www.no5w.com) then apply Patch 180-01 followed by Patch 180-02.

**Installation** – In addition to these notes the zip file associated with this patch contains a setup file for automatically installing the patch in C:\ProgramFiles\CWSoft\PileUpNetPlayer\. Here's a list of the files contained in this patch and a description of where they will be installed.

File	Installation
PileUpNet_Player.exe	This is the main executable. It replaces the file of the same name in the main directory which in the standard installation is <b>C:\Program Files\CWSoft\PileUpNet\PileUpNetPlayer\</b>
Directory KCDXC-TimedScores	This new directory contains subdirectories containing the timed scores files for Dayton-2012, and Dayton-2013. The directory resides in the PracticeWavesAndCalls sub-directory <b>C:\Program Files\CWSoft\PileUpNet\PileUpNetPlayer\PracticeWavesAndCalls\</b>

**Problems Addressed/Enhancements** – The following problems/enhancements are addressed.

Problem/Enhancement	Description
It would be useful to have a replay function to allow the user to see how he did against the top players as the competition progressed	This has been implemented.
Ability to review rates at various points in the competition would be useful.	This has been implemented.
Ability to review the audio at selected intervals would be useful	This has been implemented.
